

Pacifica Tribune,
Januray 2011.

On January 10, 2011, a group of Pacifica Teens made a presentation to the Pacifica City Council Members. The presentation was to request **approval for** a newly formed teen group called the Pacifica Youth Advisory Board. Their group would like to support, plan and promote safe & fun events and activities for teens in Pacifica. The group invites **all** teens who are living and/or attending high school in Pacifica to join them. During their presentation the teens emphasized to the City Council members that the events planned will be held in the North and South ends of Pacifica.

The teens asked for support from the City and that they will be able to work with the Pacifica Park, Beach & Recreation Department. They are hoping to plan their first event in February during Ski Week and are also seeking a safety training course from the Pacifica Police & Fire Department.

Council members were pleased and very supportive of the teens and offered words of encouragement as they move forward. Council members also congratulated members of PIA for their leadership and efforts in identifying the need for a Youth Advisory Board and bringing together the teens who have enthusiastically taken ownership of forming a YAB.
